KUDAE SITHU

Junior Full-Stack Web Developer

+959751025121 | **kudaesithu2@gmail.com** | **https://github.com/kudae3**

Profile:

Junior Full-Stack Web Developer with hands-on experience building scalable applications using Laravel, Node.js, Vue.js, Next.js and React.js. Proven ability to contribute to production-grade codebases and solve real-world problems with clean, efficient code.

Technology Skills:

- Programming Languages: JavaScript, PHP
- Frontend Frameworks: Vue.js, React.js, Next.js
- Backend Frameworks: Laravel (including RESTful APIs), Node.js (Express.js)
- Database: MySQL, Firebase, MongoDB (Mongoose)
- Version control: Git, GitHub
- Familiar with Agile development workflows and Git-based collaboration

Experiences:

Intern Web Developer at Creative Coder Myanmar - *Contributed to real-world projects using Laravel, Vue.js, and React.js.*

- **E-Commerce Web Application** (onlineoctober.com)
  - o Built with **Laravel and Vue.js** for a seamless SPA-like experience.
  - o Designed and integrated interactive sales performance charts, allowing administrators to easily monitor monthly and annual revenue trends.
  - o Optimized performance and enhanced UI/UX for better customer engagement.

- **Cargo Web Application** (cargopromyanmar.com)
  - o Developed a cargo management web application using **Laravel**.
  - o Improved database structure and backend performance.
  - o Designed the entire frontend with Tailwind CSS, resulting in a modern, responsive, and user-friendly interface.

- **Online Learning Platform** (creativecodermm.com)
  - o Contributed to the dynamic e-learning platform with **Laravel and Vue.js**.
  - o Implemented a user-friendly Issue Reporting feature to streamline user feedback and bug tracking.
  - o Resolved other user-reported issues, and re-designed an intuitive UI for a better learning experience.

- **Messenger Chatbot** (https://www.facebook.com/creativecodermm)
  - o Configured Messenger integration through Meta's Developer platform for seamless chatbot connectivity.
  - o Designed and implemented a dynamic, user-friendly admin panel using **React.js**, and **React Flow** for intuitive control and management.

- **Corporate Web Application (Personal Project)**
  (https://github.com/kudae3/digital-tide**)**
